SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Weather of Concern

- No significant Weather Watches or Warnings are in effect.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/www_bc_cal.php

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

Showers and thunderstorms will continue across the northwest California interior through the weekend due to a few disturbances. Activity will subside on Monday as high pressure begins to build back over the eastern Pacific.

Medford Weather:

Isolated afternoon and evening thunderstorms will persist through Tuesday evening, but then a dry, more typical summer pattern will set up with a thermal trough near the coast and a dry air mass inland. Temperatures will warm to near normal values.

Reno Weather:

A weak trough and residual moisture over California will allow for isolated afternoon thunderstorms through Monday with high temperatures remaining slightly below average. Temperatures warming to around average with drying conditions are expected for mid to late week.

San Francisco Weather:

A persistent upper level trough just off the west coast will maintain cooler than normal temperatures over inland areas through the start of the upcoming workweek. A gradual warming trend, along with dry weather conditions can be expected for the remainder of the week.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Unseasonably cool temperatures continue through the weekend with drier weather though a few mountain showers or thunderstorms are possible through Sunday. Dry and gradually warmer conditions will arrive mid-week with a cool down next week.

Hanford Weather:

Central California will see below normal temperatures and dry conditions due to a southwest flow aloft. As the flow aloft weakens, a warming trend with continued drying will exist for most of next week.

WEATHER

WEATHER SYNOPSIS BY REGION:

SOUTHERN CALIFORNIA:

Los Angeles Weather:

A weak upper level trough will persist along or just off the west coast for much of the week. Areas of night through morning low clouds and fog are expected across the coastal plain and in some valley locations. Daytime temperatures will be slightly below normal in most areas. Mid and high level moisture may move in at the end of the week or over the weekend possibly bringing some showers and thunderstorms to interior sections.

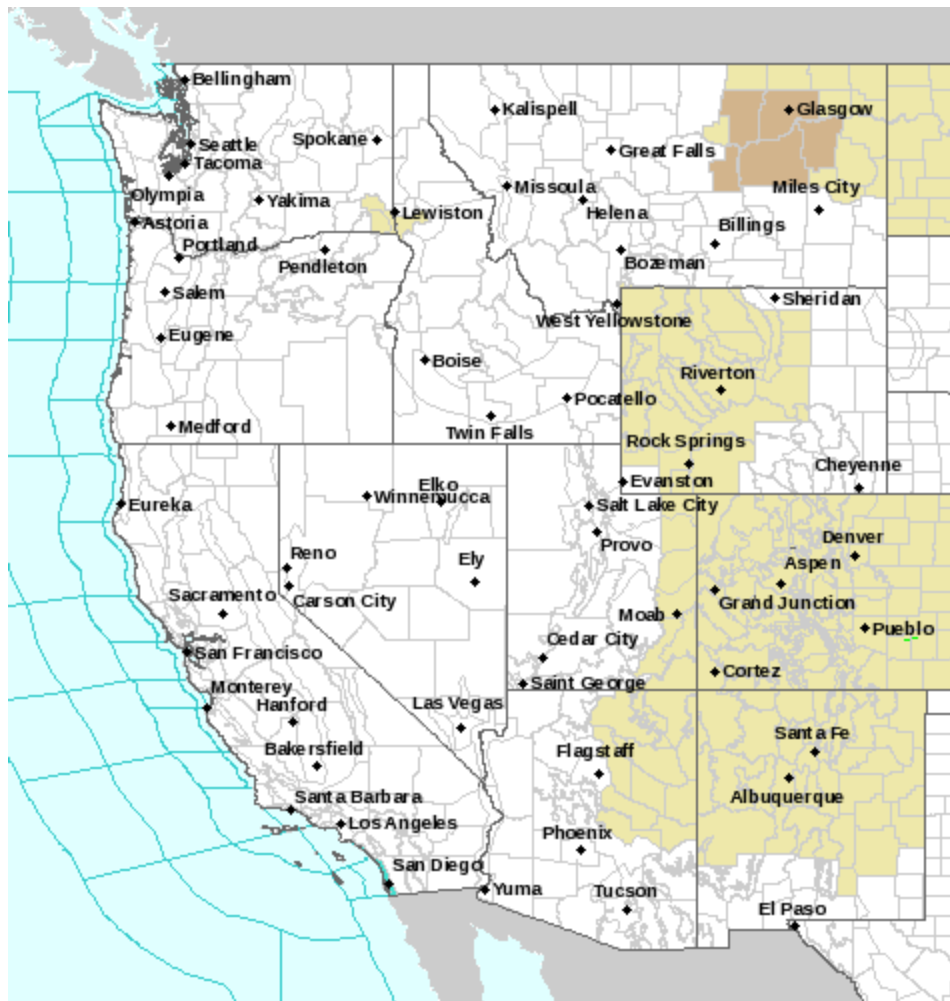

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

Through Thursday, a weak trough of low pressure near the west coast will maintain dry southwest flow aloft and weak onshore lower level flow with high temperatures near to slightly below average and a marine layer depth slightly greater than average for early to mid-July with areas of night and morning low clouds and patchy fog extending into portions of the inland valleys at times. For Friday through next weekend, the broader circulation around developing Tropical Cyclone Dolores may bring an influx of moisture with warmer low temperatures, cooler high temperatures for inland areas and warmer high temperatures near the coast along with a chance of showers and thunderstorms.

Southeast California Weather:

Little change in the weather pattern is forecast the next several days. Dry weather with near normal temperatures are expected in southeast California. High temperatures will stay near seasonal normals through the latter part of the next work week.

SITUATION SUMMARY

SOUTHERN OPERATIONS FIRES

DEER, Vegetation Fire, San Luis Obispo County

Location: Southwest of Lake Nacimiento

Jurisdiction: SRA

Start Time: 07/10/15 1241 hours

Per ICS-209 as of 07/12/15 at 0625 hours:

- 150 acres, 75% Contained
- Slow to Moderate Rate of Spread
- Access issues for ground resources
- Resources: 553 personnel assigned

Lake, Vegetation Fire, San Bernardino County

Location of Incident: Jenks Lake, Hwy 38, Barton Flats area

Jurisdiction: FRA

Start Time: 06/17/15 at 1600 hours

Per CAL FIRE, Cal OES Duty Officers and ICS-209 as of 07/11/15 at 1902 hours:

- 31,359 acres, 98% contained
- Patrol and monitor. Extinguish visible smokes. Perform suppression repair
- Fire Management Assistance Grant (FMAG) was submitted on 06/18/15 and after review by Cal OES, does not currently meet FMAG criteria and is on hold at this time.
- Resources: 315 personnel assigned

Medical/Health

- Until Further Notice - The Mojave Desert Air Quality Management District has issued a Smoke Advisory for Yucca Valley and Morongo Valley due smoke from the nearby Lake Fire.

Proclamations

- San Bernardino County updated their proclamation of a local emergency with a request for a Governor's proclamation and a Presidential Declaration of a Major Disaster.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC, Inland, Coastal, and Southern REOCs and the Santa Barbara County EOC are activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Regions (Inland, Coastal, Southern) will consolidate and have one collective OA drought call Monday's at 1100 hours beginning 07/06/15 facilitated by the SOC. Cal OES Director Mark Ghilarducci will hold a statewide OA drought call on 06/29/15 at 1000 hours.

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

Department of Homeland Security Active Shooter Preparedness Workshop July 15, 2015

****THIS IS NOT A TACTICAL TRAINING COURSE****

Overview

The Ventura County Sheriff's Department, Office of Emergency Services and the National Protection and Programs Directorate Office of Infrastructure Protection within the U.S. Department of Homeland Security are hosting a one-day Security Workshop to enhance awareness of, and response to, an active shooter event:

- Educating participants on the history of active shooter events;
- Describing common behavior, conditions, and situations associated with active shooters; and
- Fostering communication between critical infrastructure owners and operators and local emergency response teams. This course includes discussions of interoperability, communications protocols, and best practices for planning, preparedness, and response.

Target Audience

- Corporate and facility security professionals from the private and public sectors;
- Supervisory first responders; and
- Homeland security representatives.

Venue: California State University Channel Islands (C.S.U.C.I.)

1 University Drive
Camarillo, CA 93012
Del Norte Lecture Hall
